HIRE CHARGES

Charge for hire of a train on a non operating day

There is a charge of **£450 (Steam Loco)** or **£350 (Diesel Loco)** for the hire of a full train. A deposit of £100 is required to secure the booking with the balance payable on the day. The deposit is non returnable if the booking is cancelled within 14 days of the date of the hire.

For this charge a train with a steam/diesel locomotive is provided for a maximum of five hours and the whole line is available for use throughout this period for as many trips as practicable. **Please note that no tickets can be sold to members of the public who turn up on the day of the hire.**

As the railway is a voluntary run organisation it has to rely on a labour force of volunteers being available and there are occasions when labour is not available. It is therefore important that a request is made well in advance of the required date.

Parties are permitted to view the locomotive shed and yard although occasionally areas are restricted for reasons of health and safety.

Bookings are not taken for Saturday evenings

For this type of hire a private carriage is provided on a normal service train for the whole time the train is operating.
